SCHOLARSHIP REPORT FOR:
Chris J. Coschignano and Sahn Ward
Coschignano Scholarship

TOURO COLLEGE
JACOB D. FUCHSBERG
LAW CENTER
Where Knowledge and Values Meet

EXPERIENCE LAW.
EXPERIENCE TOURO LAW.
On behalf of Touro Law Center, I extend our appreciation for your generous philanthropy that has had an immediate impact on the lives of students, their families and our Law Center community. Your scholarship has helped to make the cost of legal education more affordable to deserving students and your action represents an investment in the future of our Law Center, an investment in the future of the legal profession and an investment in ensuring that the legal needs of our Long Island community will be met.

The backgrounds of our 2017 scholarship recipients are varied: some are parents, some are the first in their families to graduate high school or to pursue higher education, some have struggled balancing work and school to pursue their dream, and all are committed to Touro Law and to the pursuit of justice. We are grateful to you for making a difference.

Sincerely,

Harry Ballan
Dean & Professor of Law

CHRIS J. COSCHIGNANO AND SAHN WARD COSCHIGNANO SCHOLARSHIP

Aaron Rogers
Second-Year, Full-Time
• B.A., Communications, Cum Laude, Marist College

"It is truly an honor to have your support and confidence as I move forward in my academic career. I assure you that this award will only serve to push me harder towards realizing my academic and professional goals. As a Long Island native, I have seen firsthand how the areas of land use and real estate have become increasingly important in recent years as developers push further east towards open lands. I hope to remain in the area after I have completed my studies and have received my license to practice law, as I believe that there are many opportunities for me to practice in these areas in the future."

Denise Schubmehl
Second-Year, Full-Time
• B.A., History and English, State University of New York at Oswego

“This scholarship will help me to pursue my dream of becoming a property law attorney here on Long Island. I spent this summer working at Empire Justice Center, and I really learned the ins and outs of the housing crisis here on Long Island as well as how many homeowners were in foreclosure. My hope is to one day be able to be an attorney for all of those on Long Island that are forced to deal with any type of land use or property laws. I hope to stay in the area of public interest law, but of course will not say no to any valuable opportunity. It is donors like you that make it possible for law students to achieve our goals.”
